This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

INTRODUCTION

W. H. Boyd Co., Inc., publishers of the Norristown Directory, present to subscribers and the general public, this, the 28th edition of the Norristown Directory, which also includes Bridgeport.

Confidence in the growth of Norristown's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Norristown to the world.

The enviable place occupied by Boyd's directories in offices, stores, libraries and homes, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Norristown Directory will fulfill its mission as a source of authentic information pertaining to the community.

Population

The estimated population of Norristown is 39,750, based on the number of individuals' names in the alphabetical section of the directory, with due allowance for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

Five Major Departments

The several essential departments are arranged in the following order:

THE MISCELLANEOUS DEPARTMENT, pages 15 to 20 presents a variety of information, such as lists of city, county and state officials; church, post office, public school and fraternal organization directories; statistical review; historical sketch; manufacturing, trade and civic surveys, etc.

THE BUYERS' GUIDE, pages 21 to 40, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Norristown and Bridgeport. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. The city's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like Norristown, the necessity of having this kind of information immediately available, is very great and, frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations in Norristown and Bridgeport is included in pages 41 to 532. A feature of this section is the inclusion of the wife's name in parentheses following that of the husband.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Norristown, covers pages 533 to 628. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue and the names of householders and business concerns are placed opposite the numbers.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 629 to 728. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

Municipal Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Norristown and Bridgeport, for business men, everywhere, realize that the directory represents a community as it really is.

The Norristown Directory Library

Through the courtesy of the publishers of the Norristown Directory, a Directory Library is maintained in the offices of the Norristown Chamber of Commerce, 73 East Main Street, for free reference by the general public. This is one of the 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the directory as an advertising medium, with assurance that it will bring a commensurate return.

NORRISTOWN

"GATEWAY TO VALLEY FORGE"

(Courtesy Norristown Chamber of Commerce)

Statistical Review

Form of Government—Borough (under special charter).

Population—39,750, local estimate. Number of dwellings, 7,500.

Area—3.75 square miles.

Parks—1, with 35 acres.

Assessed Valuation—$25,564,160.

Borough's Bonded Debt—$203,000 (with an additional loan of $125,000).

Financial—Total bank deposits, $23,352,984 ($583,800 per 1,000 population); resources, $39,910,254; clearings (1928), $52,385,946. 17 building and loan associations, with assets of $7,000,000.

Post Office Receipts—$206,000 (1928).

Telephones in Service—8,775 (Norristown territory, with majority in Borough of Norristown).

Churches—39, various denominations.

Industry—100 widely-diversified establishments employing nearly 9,000 workers, paying wages of $12,000,000 annually, and having products valued at $49,500,000 annually (last report). $16,000,000 invested in industries.

Principal Products—Iron, steel, coke, textiles, fibre, aeroplane tubing and machinery. Supplies more stockings for infants and children than any other city of its size. Largest textile machinery manufacturing center in the world.

Trade—Retail territory serves 150,000 people.

Newspapers—2 dailies.

Hotels—Newest hotel built in 1925.

Railroads—2: Pennsylvania and Reading, with 51 trains daily to and from Philadelphia. 1 electric railway, with 75 trains daily to and from Philadelphia.

Amusements—Largest auditorium seats 5,000 persons. 5 theatres.

Hospitals—3, ample accommodations.

Education—14 schools, including 3 parochial. Number of pupils in public schools, 6,200; in private, 1,200.

Volumes in Libraries—12,000.

Borough Statistics—Total street mileage, 69, with 64 miles paved. Capacity of water works (private), 21,000,000 gallons. Fire department employs 10 paid drivers, at 5 stations, and has about 100 active volunteers. Equipment consists of 1 chief's car and 4 cars for the assistant chiefs: 4 pumpers, 3 of 1,000-gallon capacity and 1 of 750-gallon capacity; 1 75-foot aerial ladder and truck; 3 combination chemical and 2 straight chemical engines; 15,000 feet of hose, valued at $17,000, and 1 emergency truck and foamite apparatus. Total value of property and apparatus, $200,000. Police department has 25 officers, 1 sergeant, 1 captain and 1 superintendent, with 1 station and 3 pieces of motor equipment.

Miscellaneous Statistics—Has 51 fraternal organizations, 8 military societies, 7 labor unions, concrete stadium seating 5,000, chamber of commerce, automobile club, real estate board, Rotary Club, Lions Club, Kiwanis Club, American Business Club, Y. M. C. A., Y. W. C. A., Y. M. H. A., Woman's Business and Professional Club, and Woman's Club. Supplies gas and electricity for 65 communities covering 272 square miles; electric consumption, 87,000,000 K. W. H.; gas consumption, 1,214,000,000 cubic feet.

General Review

The Senate and House of Representatives of the Commonwealth of Pennsylvania, in 1812, authorized an Act to erect Norristown in Montgomery County into a borough.

By this Act and by an Act of Incorporation of March 31, 1812, Norristown emerged from the condition of a village to a borough.

With an original area of some 520 acres, Norristown's limits have been extended to nearly two miles square, containing about 2,300 acres, its river front being fully two miles long and its extent back, at least one and a half miles. Its elevated site affords an extensive view of the fine scenery of the Schuylkill Valley.

The population in 1820 was 827, divided as follows: 430 males, 347 females and 50 colored.

The first directory of Norristown and Bridgeport was published in 1860, and, in comparison to the book of the present, could be called but a very small pocket edition. A copy of this first book may be found in the library of the Historical Society of Montgomery County.

The one hundredth anniversary of the town was celebrated by elaborate ceremonies beginning Sunday, May 5, 1912, and covering a period of six days, closing on Saturday, May 11, 1912.

Since the beginning of the Twentieth Century, Norristown has grown rapidly, having become noted for its fine homes, well-stocked stores, handsome public buildings and general industrial prosperity and progressiveness.

The Norristown Chamber of Commerce

Cities do not just happen. Co-operation of all the interests—civic, municipal governmental, industrial, religious, educational, professional, etc., builds them. A chamber of commerce is not organized for profit, but to serve the community. It upholds the ideals of good citizenship and right living, and invites the active co-operation of the individuals making up the life of the city.

The Norristown Chamber of Commerce is the one local organization through which public-spirited citizens may express themselves collectively, and through which they may make their desires effective. Active membership is not only an effective expression of good citizenship, but the expression of a desire to unite with others on questions of community welfare.

The Chamber of Commerce of Norristown was organized in 1925 and has an enviable record in planning and working for community welfare. Its membership is truly representative of the industrial, mercantile, financial and civic life of the city. This applies also to the Board of Directors, fifteen in number, who manage it. It is freely admitted that the Chamber of Commerce collectively has accomplished for Norristown what otherwise could not have been done.

One feature of the Chamber of Commerce's work is the organization as separate groups of those in the same line of business. The frequent meeting of these groups, with the discussion of the various business problems, exchange of ideas, etc., enables their members to better serve the public.

Offering, as it does, an opportunity to serve collectively, the Chamber of Commerce extends to the citizens of the community a cordial invitation to affiliate with it and take an active part in its work.

Have You a Message for Men?

LET the CITY DIRECTORY carry it home. Enlighten the public as to who you are, where you are and what you have to sell. The City Directory will keep your name before the public all the year 'round. Our copy writers will animate your advertising. And no man well supplied with mental gravity will differ from this: Perpetual Publicity Plus Personality Produces Patronage

The Price & Lee Company

"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

Springfield, Mass.

"City of Homes"

Form of Government.
Bicameral.

Population.
U. S. Census (1920), 129,614. Estimated (1930), 158,129.

White Population.
154,965.

Colored Population.
3,164.

White Population of Age.
Males 75,977 Females 79,078.

Number of all Males.
77,527.

Number of all Females.
80,602.

Native Born.
73%.

Predominating Nationalities.
Canadian, Irish, Italian, Russian, Polish, English, Swedish, Scotch, German, French.

Area.
33.1 sq. miles. Altitude, 66 to 119 ft.

Average Temperature.
49.7°.

Rainfall.
44.72".

Parks, Playgrounds and Terraces.
92 with 1,441.89 acres.

Assessed Valuation.
$315,663,180.

Tax Rate.
$27.50

Bonded Debt.
City's bonded debt is $14,105,999,68. (Nov. 30, 1928.)

Financial.
Five national banks and trust companies with total deposits of $79,860,801.85 and clearings of $297,291,251 annually. Three savings banks with total deposits of $83,765,522.

Post Office Receipts.
$1,447,546.46.

Telephones.
46,200.

Church Buildings.
77, practically all denominations.

Building Construction.
Value of building permits $5,095,049 with 317 new dwelling units constructed this year.

Real Estate Transfers.
Total 28,606.

Homes.
Number of homes 43,741. About 30% owned.

Industrial.
Number of establishments 322, employing 17,838 men and women, paying wages of $23,855,889 and having products valued at $113,009,366 annually.

Trade (Retail).
Serves 700,000 people within a radius of twenty miles. Jobbing territory serves 1,000,000 people within a radius of 50 miles.

Principal Products.
Radios, automobiles, paper and paper products, toys and games, fiberloid products, guns, pistols, motorcycles, trolley cars.

Newspapers.

Four.

Hotels.

Sixteen with 2,800 rooms. Newest built 1929.

Railroads.

Three.

Amusements.

Fourteen theatres. Seating capacity 17,589. Largest seats 4,000.

Hospitals.

Five with 752 beds.

Educational.

Colleges: International Y.M.C.A. Assn. College, American International College, Bay Path Institute, MacDuffie School for Girls, Inc. Schools: Number of schools 68, including 5 high schools and 10 parochial schools. Number of pupils in public schools 33,252, in private schools 7,104. Total number of teachers 1,226. Value of school property approximately $16,000,000.

Public Libraries.

Three, containing 350,000 volumes.

City Statistics.

Total street mileage 299.25 with 180.18 miles paved. Miles of gas mains 239.77. Capacity of municipal water works four billion gallons, a daily average pumps of 17,000,000 gallons and with 305.12 miles of mains. Value of plant estimated at $12,500,000. Fire department consists of 346 men with 44 pieces of apparatus in 16 stations. Police department consists of 280 men, 33 piece of motor equipment and two stations.

THE CITY TODAY

Springfield, Massachusetts was settled in 1636, as a result of the efforts of William Pynchon and a band of faithful followers who sought the fertile valleys provided for in this part of the country, for homesteading purposes. It was made a town May 14, 1636, O.S., and incorporated a city May 25, 1853.

The city has grown to a community having a population of 158,219. Springfield is 99 miles from Boston; 103 miles from Albany, New York, and 135 miles from New York City. Immediately surrounding Springfield are numerous smaller towns and cities, including among the first, West Springfield, Longmeadow, East Longmeadow, Wilbraham and Ludlow, and among the latter, Chicopee.

Springfield has, since the last part of the eighteenth century, been continuously developing as a manufacturing center, although surrounded by communities developing agricultural pursuits. The industry of the community is of varied quality. The inherent skill of workmen to be found here has developed the popularity of the community as an industrial section. For the most part, raw materials and supplies are transported to the city. The location of the city nearly equidistant from the three large centers—Boston, Albany and New York—is an enviable one.

The rolling hills rising from the Connecticut River Valley provide for excellent residential sections.

The meteorological conditions prevailing gives to Springfield typically New England seasons with charming summers and cold winters with some snow.

SERVICE INSTITUTIONS

Springfield is fortunate in having a group of public utility organizations which aid, and have for many years, in the development of the community. Under the municipality, there operates a Springfield Water Works through whose activities the community is provided with excellent drinking water, piped to the city from the eastern foot-hills of the Berkshires. An excellent reservoir system is being practically doubled in capacity in 1930, and will provide a maximum flow to adequately care for the city for many years to come.

The Springfield Gas Light Company produces water gas in quantities at $1.35 per 1,000 cubic feet to households, and industries. A net work of the piping of this corporation covers nearly the whole city, and is being rapidly extended.

The United Electric Light Company provides light and power on a combined flat rate and low energy charge on the following basis: 4 cents per K. W. for first 150 K. W. per month; 3 cents per K. W. for K. W. over 150; Plus 5 cents per 100 sq. ft. of floor area; minimum floor area, 1,200 sq. ft.

Transportation facilities provided by the Springfield Street Railway Company afford excellent local and interurban transportation service. The rehabilitation of the rolling stock of this company and much of the roadbed has been completed, and the newest type of trolleys and busses are available for use.

Springfield has long been recognized as a community in which the educational facilities are of an unusually high standard. The public school's program is most complete and leads the pupil through the primary grades and junior high schools into one of four high schools of excellent standing and character. In the first—the Central High School—the curriculum is of an essentially academic character, providing for the continuance of education in the academic colleges and universities. The second—the Technical High School—is fundamentally an engineering school and offers courses leading directly to industrial work or into the higher engineering colleges. The third—the High School of Commerce—prepares the pupil thoroughly for a business career and also for entering into a limited group of colleges. The fourth—the Springfield Trade School prepares the pupil for industrial employment.

Freight rates prevail for the shipment of raw materials and finished products into and from the city on a basis which permits our manufacturers to compete with others in similar lines in other parts of the country.

Springfield has 43,741 homes, providing accommodations for 41,598 families. Springfield has long been known as a community of home lovers. The environment which has been created is a result of a mixed population, possessing many natural advantages and proving pleasing to all. There are many community civic organizations, each of which was definitely formed for the improvement of its part of the city.

CONSUMING POWER

That 50,000 full car loads of freight were left in Springfield in 1929 will give some idea of the consuming power of the city of Springfield. To this must be added the many truck loads of goods that come over the road. Farm products valued at over $25,000,000. were raised in the Springfield area in 1927 and consumed mostly in this area. Over $60,000,000 worth of raw material was used in our factories in 1927. New England, of which Springfield is a part, is forced to import from outside all basic raw materials even to lumber and depends on its skilled labor and native ingenuity in fabrication to maintain its industrial supremacy. The normal consummation of a population of 158,000 must be augmented by at least 100,000 to include traveling men, attendants at conventions, schools, etc.

INDUSTRIAL SITUATION

The latest available statistics in Springfield show 322 establishments making as many different lines, using raw material valued at $60,000,000, paying wages of $23,855,889, employing over 40,000 people and producing $113,009,366 worth of products. Many of these factories manufacture products known the world over and spread the fame of Springfield into all countries. R. C. A. and Bosch Radios, Roll Royce automobiles, Indian Motocycles, Smith & Wesson revolvers, Springfield rifle, Absorbine Junior liniment, Fiberloid products, and Milton Bradley games and toys are typical examples. Industry in Springfield is highly diversified though the manufacture of electrical goods and equipment slightly predominates in value all other lines. Skilled artisans can always find steady employment in Springfield due to this condition.

Springfield is justly proud of its title, "The City of Homes," and well deserves it as there is a home for approximately every five people of population, and of those occupied nearly 30% are owned by the occupant. A recent survey showed that of 43,741 dwellings only 302 were classified as untenantable and the majority of these would normally rent for $20 a month or less. This condition is maintained partly by the fact that due to diversity of industry the labor demand is steady. Abundance of water power in the valley has caused erection of enormous hydro-electric stations with the result that reasonable electrical rates prevail and practically all homes enjoy the use of electricity with all its advantages.

FINANCIAL SITUATION

Though having one of the lowest municipal tax rates in Massachusetts, Springfield has been continuously developing without unduly burdening the public and has outstanding bonded indebtedness of but $14,105,999.68, most of which was incurred for the erection of the Memorial bridge and the installation of one of the finest water supply systems to be found anywhere. Economy is the rule of Springfield's administration though large appropriations for permanent improvements are made yearly to keep pace with the schedule of the City Planning Board. Springfield has 5 national banks and trust companies and 2 savings banks. The total resources of Springfield banks are over $261,162,591, with yearly clearings of $297,291,251. Due to its being so accessibly located, Springfield was chosen as the logical location for the establishment in New England of the district branch of The Federal Farm Loan System.

RETAIL TRADE

While Springfield has a population of but 158,219 people, its retailers serve a territory containing 700,000 population and its largest department store has the distinction of having a larger per capita sale than any other in the country. The three main department stores of Springfield do an annual business in excess of $15,000,000. The large proportion of merchandise carried in Springfield is of a quality nature as there are no great number of the so-called poorer class in Springfield. Seventy-five per cent. of its inhabitants are native born.

WHOLESALE TRADE

Springfield is served north, east, south and west by trunk line railroads and it has consequently become a well-known jobbing center. Stocks carried in Springfield cover practically every well-known product manufactured in the United States applicable to the northern climate and are distributed over a radius of more than 50 miles.

CIVICS AND WELFARE

Of outstanding value is the work done by the City Planning Board, through whose efforts a definite arrangement for the control of the future growth and development of the city is projected and maintained.

Hospital facilities are more than complete, for the community is fortunate in possessing four hospitals caring for general cases, two hospitals maintained particularly for the care of maternity cases; and one hospital for diseases requiring isolation. Springfield is fortunate also in being the home of the Shriner's Hospital for Crippled Children for the whole New England area. Medical and surgical treatment may be had from many physicians and surgeons of repute.

Health and sanitation are carefully guarded. Through our school system the health of the children is given more than adequate attention.

Springfield possesses every type of amusement and recreation offered in cities of its size—theaters, amusement parks, dancing salons, boating, canoeing, golfing, tennis—all of these are available. Supervised recreation for children is made possible through the very efficient work of the Springfield Park Department, through the agency of which are operated twenty-two public playgrounds, and more than twelve hundred acres of public parks.

The annual Music Festival coming in May, is an institution much appreciated by citizens of Springfield and residents of other Connecticut Valley communities.

Of outstanding importance is the Eastern States Exposition held annually in the third week of September on grounds owned by the Exposition, and bringing to the community upwards of three hundred thousand visitors seeking a display of latest agricultural equipment and other displays. Here is held the annual horse show, and to this exposition come the children from the ten eastern states to exhibit their handiwork. On these grounds, the State of Maine, and the Commonwealth of Massachusetts have each erected buildings in which are to be found excellent displays indicative of the quality and character of these two States.

CITY AS A CENTER

Springfield is the center to which tourists come over excellent highways, and through which they pass enroute to Maine, New Hampshire, Vermont, as well as to points of interest in Eastern Massachusetts.

Springfield is a trading center for a population estimated at 700,000. To the community are attracted these persons who seek adequate shopping facilities, excellent stores, fine restaurants and hotels.

The industrial prestige of the city has been developed as a result of the skill of its workers in mechanical trades. It is in a sense an agricultural base, for here is located the Eastern States Farmers' Exchange, the Hampden County Improvement League, and many other agencies working co-operatively for the development of agriculture throughout all of New England.

Springfield is the Western Gateway to New England, and, without question, the most easily accessible city in New England from points outside thereof. During 1929 more than 40,703 persons attended seventy-three conventions held in the city of Springfield. The Springfield Chamber of Commerce operates a Convention Bureau which actively solicits convention business and renders a maximum of co-operation to convention groups meeting in this city.

ADVANTAGES AND CLAIMS

In the last analysis, Springfield is the only city in the area between Boston, Albany and New York that has developed in a balanced way along the lines of beauty, education, finance, industry, mercantile and recreation. It is a community to which persons come to visit and remain to live and prosper.

CITY AS A SERVICE CENTER

The Springfield Chamber of Commerce for more than forty years has functioned in a capacity as a counsel and guide not only to citizens of the community, but to those from other cities seeking information or advice about the city. It is ready to co-operate in every practicable way to assure interested persons that they will receive adequate and reliable information concerning the community and its activities.

Twohig, William J. Hurley, John F. Donoghue, Patrick J. O'Connor, Thomas M. Moriarty, William F. Lonergan, Harley H. Blodgett.

Sergeants—John A. Swift, Frederick J. Runnells, Charles W. Geary, Ralph J. Carleton, John J. Crowley, Louis H. Pilon, John F. Hurley, Mitchell Frappier, Charles M. Feeney, Eugene F. Kelleher, Arthur H. Parker, Harry R. Button, Charles J. Murphy, Horace G. Clark, Victor M. Tetreault, Thomas M. French, John J. Maher, Ward C. Maranville, William J. Hogan, John P. Cleary, Edward F. Cullinan, Patrick M. Hurley, John E. Sullivan.

Patrolmen—Two hundred and seventeen.

Reservemen—Thirty-seven.

Dept. Clerk—Anna A. Kelliher.

Policewomen—Two.

Matrons—Four.

Chauffeurs—Eight.

FIRE DEPARTMENT.

Headquarters, 86 Court.

The force at present numbers 347 men as follows: The chief, two deputy chiefs, six district chiefs, supt. of division of fire alarm telegraph, one asst. to supt. of division of fire alarm telegraph, supt. of division of repairs, 22 captains, 23 lieutenants, one bookkeeper, one clerk, 285 men; also the force of the United States Armory in case of emergency. One company located at Indian Orchard is not available for city fires. The whole apparatus of the department at present consists of 6 chief's cars, 1 auxiliary squad car, two motor runabouts and one motor truck for fire alarm use, 7 motor pumping engines, 15 motor driven hose wagons, 8 motor driven hook and ladder trucks, 1 water tower, 1 runabout, 46,000 feet of two and one-half inch cotton rubber-lined hose, 6,500 feet of three-quarter inch rubber chemical hose, 45 hand fire extinguishers, fire alarm telegraph and telephone apparatus. The United States Armory equipment consisting of 1 motor driven combination hose and chemical car and 1,000 feet of good cotton rubber-lined hose may, by courtesy of the commandant, be called into service in an emergency.

Board of Fire Chiefs—Chief, W. H. Daggett; Deputy Chiefs, John R. Graves, Herbert C. Root; District Chiefs, Burton Steere, Arthur H. Strong, Charles S. Taylor, Frederic C. Wright, James L. Coffey, Horace C. Feltham. Chief's office at Headquarters Building, 86 Court. Office hours: 11 to 12 a.m.; 2 to 3 p.m.

Div. of Fire Alarm Telegraph—Supt., Herbert H. Berry; Asst. Supt., John M. Safford.

Div. of Repairs—Supt., Elias H. Cameron, 898 Dwight.

Hose Company No. 1—Located at 86 Court. Electrical driven combination hose and chemical car.

Hose Company No. 2—Located on Dwight cor. Patton. White gasoline driven combination hose and chemical car.

Engine Company No. 3—Located at Oakland cor. Dickinson. Seagrave motor pumping engine, and motor driven combination hose wagon.

Engine Company No. 4—Located on Walnut. Seagrave motor pumping engine, and motor driven combination hose car.

Engine Company No. 5, with Hook and Ladder No. 5—Indian Orchard. Seagrave motor pumping engine, motor driven combination hose car and motor driven ladder truck.

Hose Company No. 6—Located at 25 Mill. Motor driven combination hose car.

Hose Company No. 7—Located at Taylor. Motor driven combination hose car.

Engine Company No. 8—Located at Winchester sq. Motor pumping engine, motor driven combination hose car.

Engine Company No. 9—Located on Armory. Seagrave motor pumping engine, motor driven combination hose car.

Hose Company No. 10—Located cor. Main and Hooker. Motor driven combination hose and chemical car.

Hose Company No. 11—Located on Plainfield. Motor driven combination hose and chemical car.

Hose Company No. 12—Located at 56 Margaret. Motor driven combination hose car.

Hose Company No. 13—Located cor. Pine and Cedar. Motor driven combination hose car.

Pump Company No. 14—Located at 1025 Sumner av. Seagrave triple combination motor driven pumping engine.

Pump Company No. 15—Located at Page blvd. Seagrave triple combination motor driven pumping engine.

Truck Co. No. 1—Located at 86 Court. One electrical aerial ladder truck, fully equipped, motor driven; one water tower driven by motor tractor.

Truck Co. No. 3—Located on Oakland. One gasoline motor aerial ladder truck, fully equipped.

Truck Co. No. 6—Located on Mill. One gasoline motor aerial hook and ladder, fully equipped.

Truck Co. No. 8—Located at Winchester sq. One electric aerial ladder truck fully equipped.

Truck Co. No. 10—Located cor. Main and Hooker. One gasoline motor aerial truck fully equipped.

Truck Co. No. 13—Located cor. Pine and Cedar. One electric aerial ladder truck.

Auxiliary Squad B—Located at Walnut street station. Sqad wagon.

Springfield Armory Corps—Located at United States Armory. One motor driven combination hose and chemical car. The company attached to this apparatus includes the soldiers and employees of the Armory.

The Armory Corps does not respond to all alarms, but through the courtesy of the commandant Springfield has its service in an emergency.

Wages and salaries of company members are as follows: per day—Permanent hose and laddermen. Grade A, $6.00; Grade B, $5.70; Grade C, $5.33; Captains, $2,701 per annum; Engineers, $2,263 per annum; Lieutenants, $2,500.25 per annum.

MUNICIPAL WATER WORKS.

The works are in charge of a Board of Water Commissioners consisting of Edwin A. Blodgett, chairman; Dr. George L. Fenn and Mayor Dwight R. Winters, ex-officio; Howard M. King, supt.; Leland G. Carlton, asst. supt; Alfred R. Hathaway, clerk and water registrar; Elbert E. Lochridge, chief engineer. Office, (319) City Hall. Service Building and Yard, 71 Colton. Office hours, 9 a.m. to 5 p.m.; Saturdays 9 a.m. to 12 m. Telephones: (applications and information) 3-2131; (work and trouble calls, day or night) 2-5188. The supply of water is taken from the Westfield Little River watershed, situated principally in the towns of Blandford, Granville and Russell, and by means of the following storage structures:

	Capacity in Gallons.
Borden Brook Reservoir (impounding	2,500,000,000
Intake Reservoir (diverting)	40,600,000
Sedimentation Basis (before filtering)	38,700,000
Proven Mountain Reservoir (after filtering)	17,000,000
Total	2,596,300,000

The former supply from impending reservoirs in Ludlow and Belchertown is also retained at present for towns of Ludlow and Wilbraham and for emergency uses, and, with its storage capacity of 1,434,218,000 gallons makes an aggregate capacity of 4,030,518,000 gallons.

Range of pressure on mains for day and night as follows: Main street level, maximum, 147 pounds, average, 140 pounds. Hill section level, maximum 87 pounds, average 80 pounds.

The entire supply of city water to any premises is furnished by meter only and at meter rates; the necessary meters are installed by the water works at the expense of the consumers for the initial cost of the meters and connections only.

The cost of ordinary care and repairs of all meters is borne by the water works; the cost of unusual repairs (necessitated by freezing, hot water, etc.) due or attributable to any carelessness or neglect on the part of the consumer, will be charged to the consumer or owner.

METER RATES.

(Subject to all rules and regulations).

For each 100 cubic feet (748 gallons) of water as registered or estimated for each independent premises* the rates shall be as follows:

For the first 5,000 cubic feet or less per quarter, at 22 cents per 100 cubic feet (about 30 cents per 1,000 gallons).

For all excess over the first 5,000 feet per quarter, at 5 cents per 100 cubic feet (about 7 cents per 1,000 gallons).

Where the aggregated total use for one independent premises* amounts to 750,000 cubic feet or more in any one quarter, the entire quantity will be charged at 5 cents per 100 cubic feet.

Subject to the following minimum quarterly charges:

(a) Single dwellings and double houses or blocks (of two or more ground-floor single-tenement sections), each tenement not less than $2.00 per quarter.

(b) Tenement houses, apartment blocks, etc., each tenement or apartment not less than $1.50 per quarter.

(c) Business blocks, manufacturies, and other industrial plants elevators and motors, each bill for each independent premises, not less than $2.50 per quarter.

Special for Elevator Uses—Where the total or aggregated quantity for operating one or more elevators on each independent premises* amounts to 33,000 cubic feet or more in any one quarter, and is metered and billed independently of all other uses, the entire quantity will be computed at 5 cents per 100 cubic feet; but no bill hereunder shall be rendered at less than $25.00 per quarter.

*Business and industrial buildings of more than one section, and adjoining or adjacent buildings, under one independent ownership as a plant (if not separated by a street or by any other buildings or premises under another ownership), may be considered as one independent premises, and as such, subject to the computing and billing of the foregoing meter rates. In all other cases the supply through each service and meter shall be computed and charged as separate and independent bills.

Each quarterly period will be computed and charged for independently of any other quarterly period and the rates therefore shall be paid accordingly.

When a meter from any cause fails to register the consumption of water, the quantity shall be estimated and the charge made based upon the registration by the meter when in order or upon the registration for a corresponding prior quarter or period.

Builders' Uses—Where water is to be used in the construction of ordinary framed buildings, or for small building operations where the use may be easily estimated, the meter installation may be temporarily deferred, as an accommodation to the owner or builder, until the completion and occupancy of the building, and a nominal estimated flat rate may be charged for builders' use of water to the owner of the property who will be held responsible for such use and the payment of such charge.

The Water Registrar and the Supt. shall determine all cases where the foregoing provisions may apply, and each case shall be considered independently of any other, but no such estimated charge shall be less than $1.00.

Miscellaneous and Temporary Uses—In certain cases of miscellaneous and temporary uses of city water, where the quantity used may be small, the charge for same may be estimated instead of being shown by meter, at the discretion of the Water Registrar and the Supt.

The Water Registrar shall have the right to require an advance deposit as security for the payment of water bills, when he shall consider it for the interest of the city to do so: such deposit not to exceed a year's minimum rate for the property to be supplied or a reasonable estimate of the probable annual amount of such bills.

All bills due the City on account of the Municipal water works shall be payable at the office of the city Collector, Room 137, Municipal Building, Court and Pynchon streets within twenty days after the same are rendered and become due.

Inquiries and claims for correction should be made at the office of the Water Registrar, Room 319, Municipal Building.

Delinquent water bills are a lien on real estate.

SCHOOL DEPARTMENT.

School Board—Dwight R. Winter, Mayor, Chairman, ex-officio. At large, Chester S. McGowan; Ward 1, Charles J. McMorrow; Ward 2, Alfred M. Glickman; Ward 3, Chester T. Neal; Ward 4, Chester W. Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

The Price & Lee Company

H. J. Farnham, New Haven.
Llew. Williams, Jr., Cincinnati.

THE OBJECTS OF THE ASSOCIATION ARE AS FOLLOWS:

FIRST: To improve the Directory business by the interchange of ideas, and by the exchange of competent employees.

SECOND: **To protect the public against fraudulent advertising schemes operated under the name of directories, and to drive the promoters of such out of the business.**

THIRD: To provide permanent and continuous employment for honest and faithful directory canvassers.

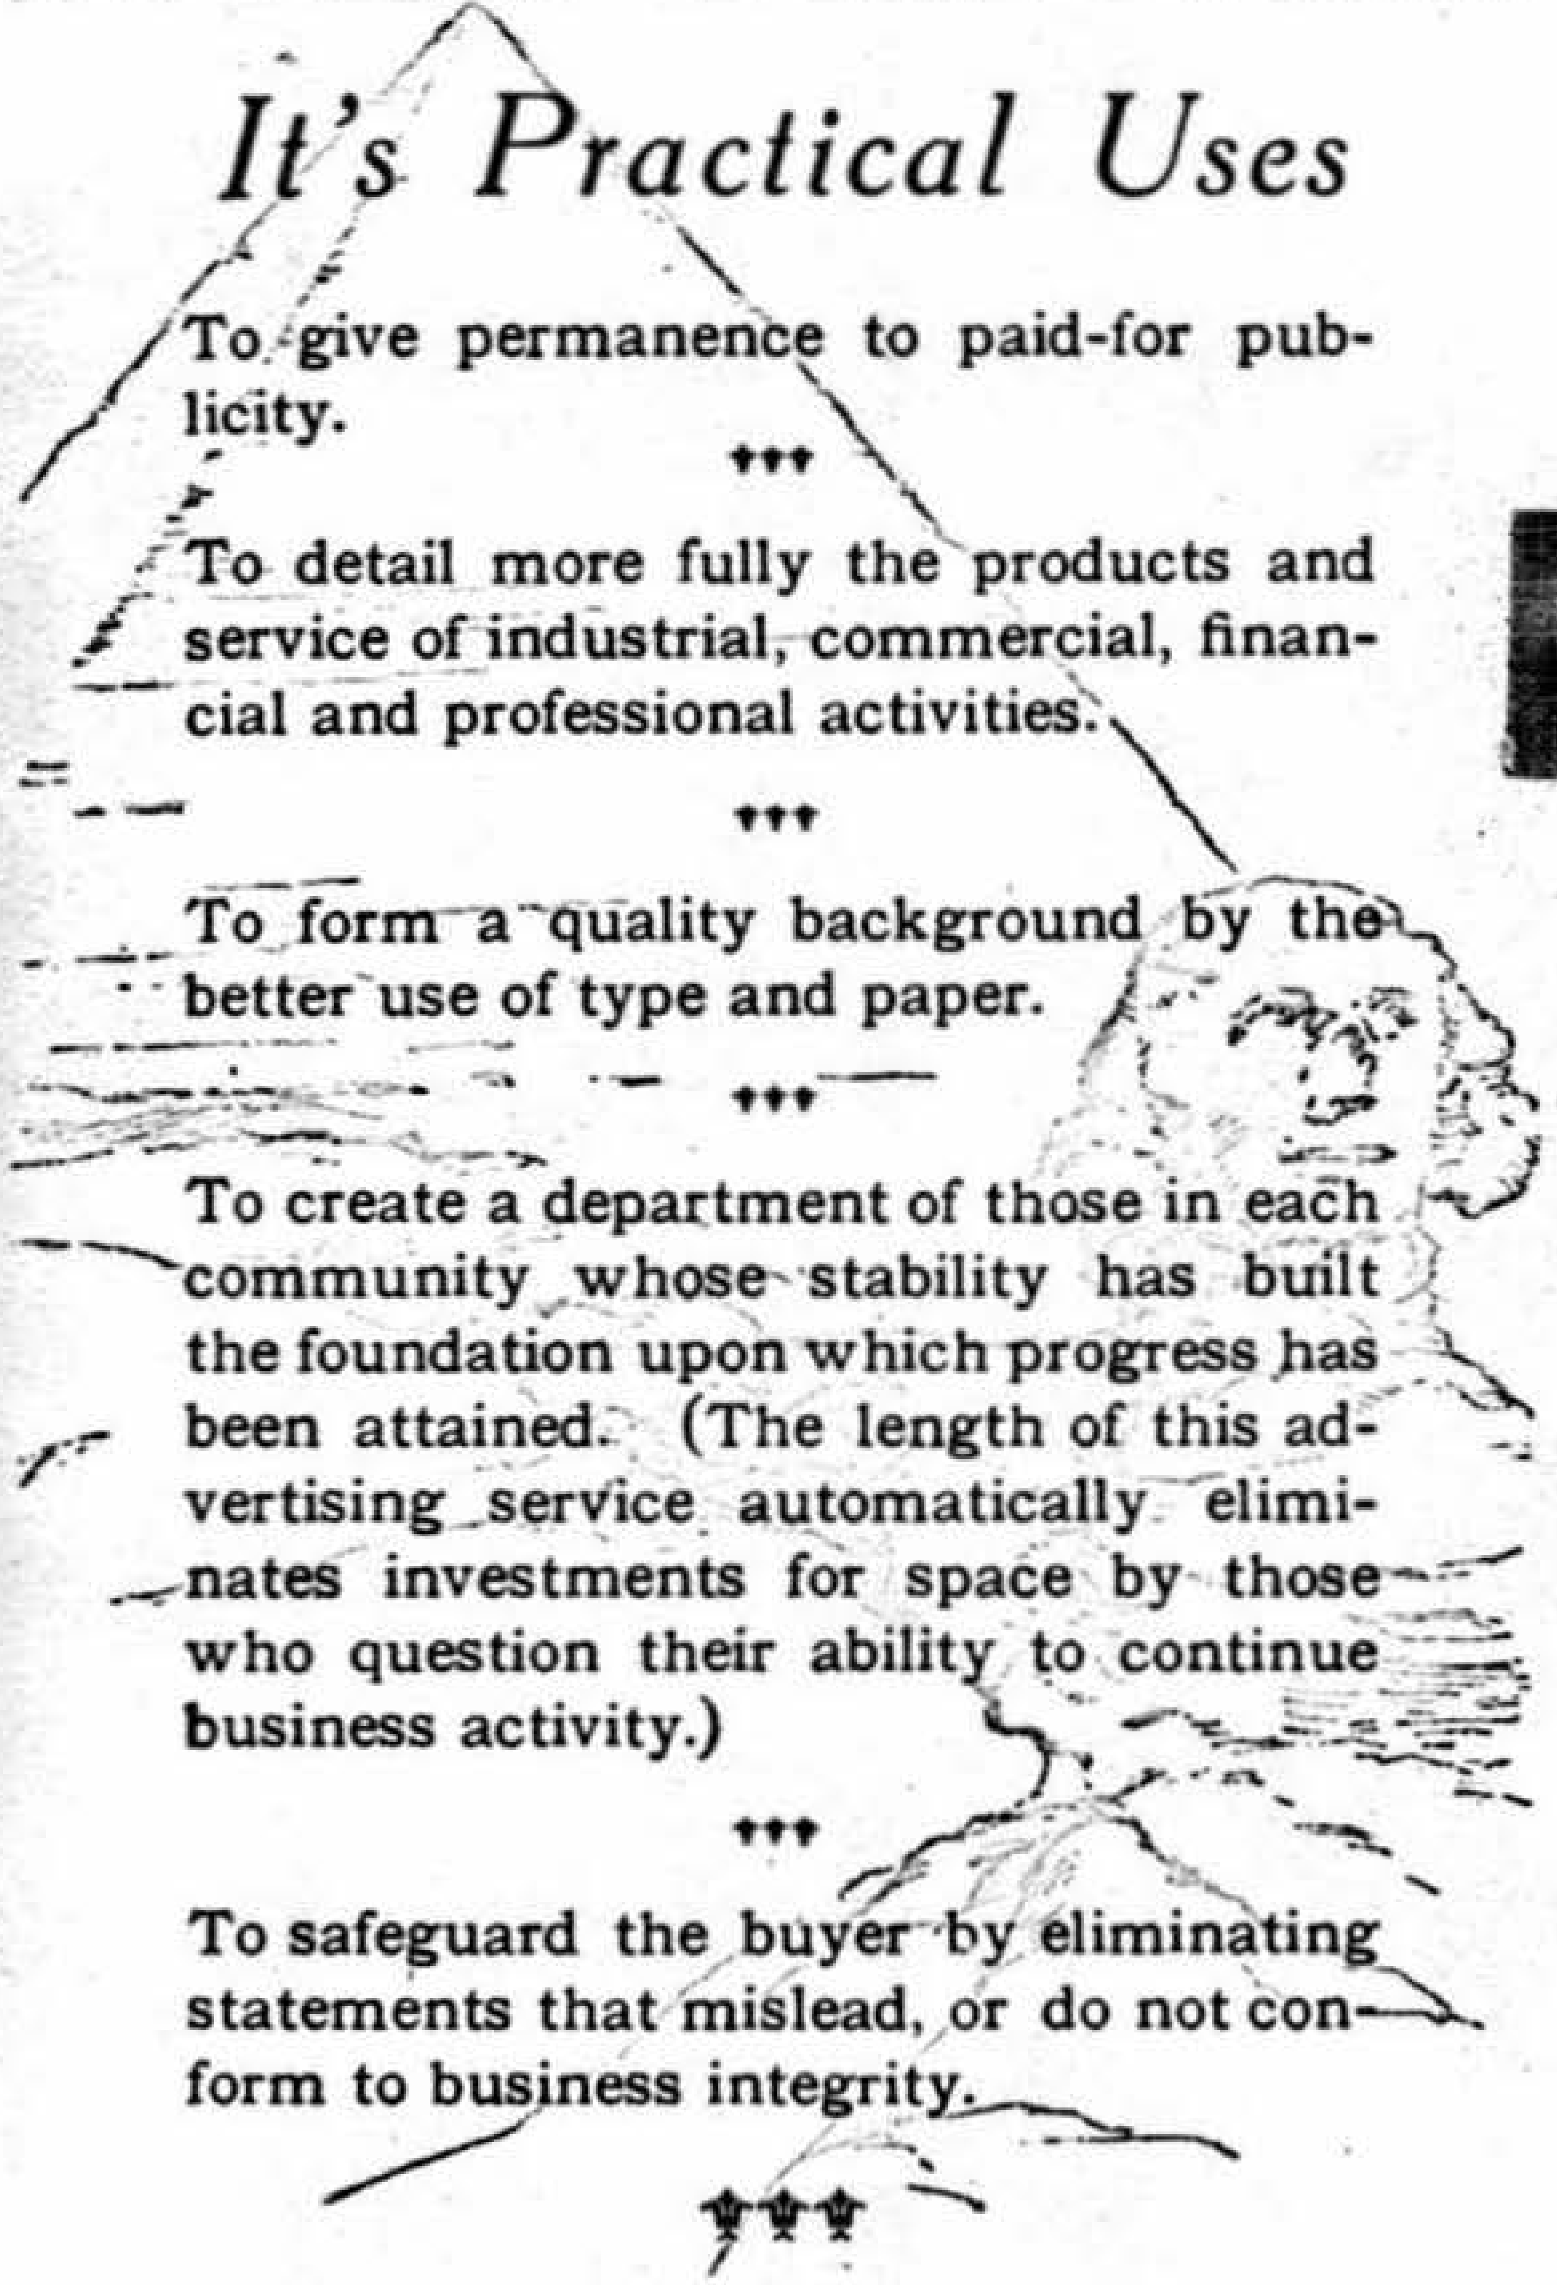
FOURTH: For the mutual advancement of the established and prospective interests of all who may become members of the association.

$100 REWARD

The Association of North American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on Fraudulent directories, provided the conviction results in imprisonment of not less than six months. In case of arrest immediately telegraph E. J. Loranger, 524 Broadway, New York City.

BUYERS' DIRECTORY

It's Practical Uses



To give permanence to paid-for publicity.

✝✝✝

To detail more fully the products and service of industrial, commercial, financial and professional activities.

✝✝✝

To form a quality background by the better use of type and paper.

✝✝✝

To create a department of those in each community whose stability has built the foundation upon which progress has been attained. (The length of this advertising service automatically eliminates investments for space by those who question their ability to continue business activity.)

✝✝✝

To safeguard the buyer by eliminating statements that mislead, or do not conform to business integrity.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

The Morris Plan Company
of Springfield

extends financial accommodation for constructive purposes to wage earners, salaried employees, small merchants and professional men and women, providing a convenient weekly or monthly plan for repayment. Loans are made for six months to one year for any amount from $50 to $2,000 or more.

RATE SCHEDULE

We Pay You	We Charge only	You Pay Us	We Pay You	We Charge only	You Pay Us
$ 46	$ 4	$ 50	$ 329	$ 21	$ 350
92	8	100	376	24	400
140	10	150	423	27	450
188	12	200	470	30	500
235	15	250	705	45	750
282	18	300	940	60	1,000

Payable in 50 weekly or 12 monthly payments.

Above schedule shows total cost of our loans. No additional charge when payments are made as agreed.

Compare and see how much less we charge than any licensed loan company in Springfield.

WE PAY 5% INTEREST

Our 5% Certificates offer a safe and convenient form of investment. Secured by our entire assets, quickly exchangeable for cash for full amount, accepted as collateral for loans at face value, they have the fundamental principles of a sound investment.

Issued For Any Amount from $50 to $5,000

Booklet containing complete information gladly mailed.

Assets over $24,000,000
Deposits go on interest the 15th of every month.
Dividends—January 20th and July 20th.

This is a Mutual Savings Bank. Its investments are regulated by special State Laws. It is examined Annually by State examiners. All profits belong to the depositors and, after accumulating such surplus as will protect against all possible contingencies, the balance is paid to depositors in semi-annual dividends, which also draw interest if not withdrawn.

Open Daily (except Saturdays) 9 to 3. Saturdays 9 to 12. Monday Evenings 6 to 8.

INCREASE YOUR BUSINESS

BY Advertising in the **City Directory.** Others have done it and so can **you.**

Forbes & Wallace, Inc.

Is a Complete and Accurate Directory

FOR THE 365-DAYS-A-YEAR NEEDS OF FAMILIES AND INDIVIDUALS

¶ When in doubt, try **Forbes & Wallace** for anything you need, and you are most likely to be headed in the right direction. This modern civilization concerned with airlines, television, talking movies, electrical efficiency in industry and the household, means that the more than averagely successful store, like **Forbes & Wallace,** is planning its stocks by thoroughly intelligent and scientific research. **Forbes & Wallace** credits much of its success to its policy of providing every kind of merchandise people are wanting and needing, always at the lowest prices possible.

THE STORE THAT SAVES YOU MONEY EVERY DAY

STILLMAN'S

COURT SQUARE STORE **SPRINGFIELD, MASS.**

No need to pay excessive prices when you want the best. Here at Stillman's you get only first quality merchandise at a guaranteed saving of at least 6 per cent. Do your shopping on Court Square and save the difference. Here you will find everything for all the family and the home. The following is a partial list.

Curtains, Rugs, Lamps, Furniture, Women's Coats, Dresses, Millinery, Girls' and Infants' Wear, Men's Clothing, Boys' Wear. Silks, Domestics, Notions, Fancy Goods, Hose, Underwear, Men's Furnishings, Gloves, Toilet Goods, Home Needs, etc.

It's only because we both buy and sell for cash that our prices are so low. And an immense sales volume makes high profits unnecessary.

Superfluous Hair Removed by Electrolysis

OVER two score years ago, Dr. Mitchel, oculist, of St. Louis, evolved a method of using electricity for the permanent removal of ingrowing eyelashes. Soon after, his friend, Dr. Hardaway, conceived the idea of using this method for the removal of Superfluous Hair from the human face. Today, physicians everywhere, recommend this method as the only sure way of obtaining permanent relief from this annoying condition.

For thirty-eight years this office has employed *this* method—*the* method discovered by one, and employed by ALL the old masters, the single electric needle process, in painlessly disposing of these disquieting blemishes *for all time.*

Moles and Warts also safely removed.

You are invited to phone, write or call for complete information and demonstration sitting without obligation.

Every Store

should be in the Directory and the Directory in every store.

Besides its use to the keeper of the store, it is a convenience customers look for.

The store that offers an old, or no city directory, does not show its patrons a courtesy they will find elsewhere.

For Life

It is well known that life insurance companies carefully safeguard the funds entrusted to their care. Your money on deposit with them is always secure. The face of your policy is instantly payable when destiny demands.

Your beneficiary will receive at once every benefit that is due, but let us urge you to have this money disbursed in a manner that will be safe -- that will prevent it from melting away in a short time.

Any Massachusetts Mutual representative will gladly explain our method of providing monthly incomes for life.

Manufacturing Department

SPRINGFIELD PRODUCTS are known the world over. The following pages are an index to the wide range and variety, the kind and quality of manufactured articles produced in this great and growing city. As a distributing center for Western New England and Eastern New York, Springfield offers exceptional advantages. A live, progressive Chamber of Commerce, a large market of skilled labor, and splendid railroad facilities—insure progress, prosperity and publicity to the City of Homes. When doing business with concerns advertised in the following pages, please mention the City Directory

ALPHABETICAL DIRECTORY

ITS PRACTICAL USE IS TO GIVE

Information—as to the complete name of each person over twenty years of age.

Information—as to the occupation of each person over twenty years of age.

Information—as to the address of each person over twenty years of age.

Information—as to the nature and activities of firms and partnerships.

Information—as to names of each member of firms and partnerships.

Information—as to the names of corporations, their nature and activity.

Information—as to the correct spelling of each and every name.

Information—as to whether a person is a "householder" (h) or "resides with" (r).

Information—as to what is the wife's name of each married man.

Information—as to what was the husband's name of each widow.

Information—as to the location of removals from city.

Information—as to the age and date of death of persons appearing in the preceding directory.

Information—as to those seeking prominence and prestige by display type.

—Finally—

Our Ideal

"If it has a name and location—it's here"
